Reporting questionnaire

Gender equality indicator 1: Gender composition of workforce

This indicator seeks information about the gender composition of relevant employers in a standardised format, to enable the aggregation of data across and within industries. The aggregated data in your workplace profile assists relevant employers in understanding the characteristics of their workforce, including in relation to occupational segregation, the position of women and men in management within their industry or sector, and patterns of potentially insecure employment.

NB. IMPORTANT:

Gender Diversity and Equality is one of our three key areas of Focus from our Diversity and Inclusion strategy

In the interest of building on our gender equality outcomes, we have amended our Recruitment Strategy and Process so that all shortlists are to include where possible equal candidate representation from both genders. If no capable and suitable female is shortlisted, the attraction process should be reviewed, adjusted and completed again.

Our interview panels are also gender balanced to ensure that any biases are eliminated from candidate selection process.

18. If your organisation has introduced any outstanding initiatives that have resulted in improved gender equality in your workplace, please tell us about them.

(As with all questions in this questionnaire, information you provide here will appear in your public report.)

Through our strategic focus on Diversity and Inclusion we are pleased with the introduction of two new initiatives to assist with creating a more inclusive and gender equal TelstraSuper.

The first is we have signed the Family Violence Charter issued by the Women in Super organisation.

This is a public statement to help address this societal and workplace issue and take a stand against family violence. The charter outlines a number of actions that we commit to as responsible organisation to reduce family violence and assist those who are currently experiencing it. We have as a result introduced a Family and Domestic violence leave and support policy for TelstraSuper staff.

The second initiative is we are pleased to advise that TelstraSuper will now continue to pay Superannuation Guarantee (SG) payments for primary carers throughout the unpaid parental leave period, up to a maximum period of 52 weeks. This aligns with our our mission to help our members build financially secure future and our Diversity and Inclusion strategy in contributing to the economic wellbeing of women.
