

# Welcome to your new TelstraSuper quarterly statement

1 July - 30 September 2018

If you're reading this online or in print, you'll see that your statement has been transformed to make it easier for you to find the information you need.

## What's changed and why?

The most important information, such as your account balance and how your super is invested, are now clearly shown and your account details are easier to find. All of the changes are designed to make it simpler for you to understand and connect with your super. Visit our website at [telstrasuper.com.au/statements](http://telstrasuper.com.au/statements) for more information.

## Viewing your statement online

Log in to your secure online account from your phone, laptop, tablet or desktop computer to easily access your latest quarterly statement.

You can also see your past statements, search for and consolidate multiple accounts, check your transaction history, change your investment options, update your subscription preferences plus lots more.

If you haven't already, you can register for your TelstraSuper online account, at [telstrasuper.com.au/register](http://telstrasuper.com.au/register). It's a quick and easy way to manage your super account and membership details online and see your information in 'real time'. If you're receiving your statement via print why not change your subscription preference to email, not only is it quicker but it's better for the environment.

## Helping you manage your super

The new style statement is the latest initiative to help you take greater control of your super. Other recent developments include:

- our new website at [telstrasuper.com.au](http://telstrasuper.com.au) which has seen members log in more than 1.5 million times since last year's launch
- a mobile app that allows you to check your account from your smart phone anywhere, anytime
- personal online accounts with a comprehensive dashboard and easy navigation to give you 'real time' information so you can easily check your account on any digital device – phone, laptop, tablet or desktop computer
- a new way to search your super and consolidate multiple accounts online in just a few minutes
- online forms designed to make it easy to join, refer family members and engage with TelstraSuper
- an online individual Retirement Balance Projection to help eligible members see their estimated retirement balance and the regular income this may provide.

## What do you think?

Let us know what you think of the new look statement. We tested the new statements with a number of our members and we'd also love to hear your feedback and any suggestions you may have. Go to [telstrasuper.com.au/statement-feedback](http://telstrasuper.com.au/statement-feedback)
