This Guide contains important information about the insurance cover available through TelstraSuper. From 1 July 2020, MLC Limited ABN 90 000 000 402 AFS Licence 230694 (MLC Life Insurance) became TelstraSuper's main group life and group Income Protection insurance provider. Details of insurance arrangements and cover for events that occurred before 1 July 2020 are set out in the TelstraSuper Personal Plus Product Disclosure Statement (PDS) dated 1 December 2019 and TelstraSuper Personal Plus Insurance Guide dated 1 December 2019.

The complete terms and conditions are set out in the MLC Life Insurance Policies. All insurance cover is subject to the Policies. You can access the Policies on our website.

TelstraSuper Personal Plus insurance cover

TelstraSuper recognises the importance of adequate levels of insurance and we are committed to providing our members with comprehensive, affordable and convenient cover.

Types of insurance cover available

TelstraSuper offers you the following types of insurance cover:

Death Cover

Losing a loved one is never easy. So it is important to leave behind some financial security for added peace of mind. Death Cover provides your dependants or your Legal Personal Representative with a lump sum insurance payment in the unfortunate event of your death. Death Cover is available on its own, or you can bundle it with Total & Permanent Disablement (TPD) Cover.

Terminal Illness benefit

In the unfortunate circumstance you are diagnosed with a Terminal Illness you can apply to be paid a Terminal Illness benefit. You don't have to stop Working to qualify for this benefit. This is the early payment of your Death benefit.

Total & Permanent Disablement (TPD) Cover

If you became permanently unable to Work or engage in Domestic Duties due to a Sickness or an Accident, you could receive a lump sum payment with TPD Cover. You also have the option to combine Death & TPD Cover.

Income Protection Cover (IP) (permanent full-time, part-time and casual Employees)

Income Protection Cover provides you with a partial replacement income benefit that will help support your return to Work, if you become temporarily Unable to Work due to Sickness or an Accident. The replacement income can be up to 87% of your salary which includes a 12%* super payment made to your superannuation account in the Fund.

This could allow you to cover your daily expenses while still contributing to super while you are off Work.

* In the event of an approved Income Protection claim with a Date of Disablement that is prior to 4 April 2024, the super benefit paid to your TelstraSuper account will be 10% and your total monthly benefit will be 85%.

^ Eligible members may also receive default cover in other limited circumstances.

Your insurance needs are covered with TelstraSuper

Even if you are a new member joining TelstraSuper Personal Plus via a Personal Plus Default Fund Employer and you don't opt-in to receive Default Cover within 120 days of starting employment within 120 days of the Default Plan Commencement Date (if applicable), you will still automatically receive Default Cover from the date you satisfy both of the following conditions:

- you are at least 25 years of age, and
- your account balance reaches \$6,000.

You will have the opportunity to opt out of this cover within 60 days of the cover commencing and any premiums that may have been deducted will be refunded to your TelstraSuper Personal Plus account.

Default Cover is determined by your age next birthday as at the last 1 July[†]. Table 1 on page 6 shows the amount of Default Death & TPD Cover eligible members can receive for a cost of \$2.17 per week. Death Only Cover is \$1.13 per week on the same scale.

Example

If you turned 25 years old on 1 December 2023 and today is 1 January 2024, your age next birthday as at the last 1 July is 25 years old, which means you can receive \$155,194 of Death Cover and \$155,194 of TPD Cover.

If you're not eligible to apply for Default Death Only Cover or Default Death & TPD Cover you may still apply for Voluntary Cover. Eligible members[‡] can apply online via our insurance portal through your SuperOnline account, or by completing an **Insurance Telephone Application Request** available at telstrasuper.com/forms

Voluntary Death & TPD Cover

You can apply to increase your level of insurance to meet your personal needs. You can apply for any amount of Voluntary Death Cover and up to \$5 million total TPD Cover subject to insurance underwriting requirements. Depending on your age and the amount of cover you wish to apply for, our insurer has different requirements that need to be satisfied before cover will be provided. The initial requirements are outlined in Table 4 on page 13. Your Death Cover must be equal to or higher than your TPD Cover. See page 12 'Changing your insurance cover'.

Annual Voluntary Cover[^] premium rates for are based on each \$1,000 sum insured and are shown in Table 2 on page 6. The example below shows how to calculate premiums for Voluntary Cover. Refer to the 'Insurance premiums' section on page 14 for further information.

* Members with an age next birthday 76 (as at last 1 July) or over are ineligible for Default Death Cover. Members with an age next birthday 66 or over, or who have not satisfactorily completed the relevant questions in the insurance declaration section of the application for membership (where required), are ineligible for Default Death & TPD Cover.

† All references to age are age next birthday as at the last 1 July.

^ For members with Top Up Cover, Voluntary Cover rates apply.

‡ Eligible members are members with an account that allows insurance cover to be applied under a Policy and who are registered users of SuperOnline. Eligible members must also have a valid email address and must reside in Australia.

§ If your Date of Disablement is on or after 1 July 2020. For disability claims with a Date of Disablement prior to 1 July 2020, a different process is required. Call us on 1300 033 166 for more information.

Example
How premiums are calculated

Naomi will be turning 35 on her next birthday. When she joined TelstraSuper Personal Plus she received age-based Default Death & TPD Cover providing insurance cover of \$134,681. For added peace of mind, Naomi would like to apply for an extra \$500,000 of Voluntary Death & TPD Cover. To work out how much this would cost her, Naomi refers to Table 2 and uses the following information:

Age next birthday	35
Voluntary Death & TPD amount	\$500,000
Default Death & TPD premium	= \$2.17 x 52 (weeks per year) = \$112.84
Voluntary Death & TPD premium	= Elected amount of cover ÷ 1,000 x Voluntary Death & TPD premium rate = \$500,000 ÷ 1,000 x \$0.53 = \$265 per year Total premium payable = Default Death & TPD premium + Voluntary Death & TPD premium = \$112.84 + \$265 = \$377.84 per year

Naomi receives total insurance cover of \$634,681 for Death & TPD Cover at a premium of \$377.84 per year.

[^] For members with Top Up Cover, Voluntary Cover rates apply to Top Up Cover.

Interim Accident cover

If you apply for Voluntary Cover, you will receive Interim Accident cover for the period of time whilst your application is being assessed (known as the Interim Accident cover period).

Subject to Exclusions in the Policy if you have an Accident during the Interim Accident cover period which results in your death, TPD or Total Disability, you will be covered for the amount applied (up to the maximum Interim Accident benefit of \$1.5 million for Death or TPD and \$15,000 per month for Income Protection Cover, subject to a two year benefit payment period and Default Cover Conditions) for the period starting from the date we receive your completed application. Interim Accident cover will end on the earliest of the following dates:

1. your application is withdrawn, accepted or rejected
2. the Policy is terminated
3. our insurer cancels your Interim Accident cover
4. you reach cover cessation age, which is 65 for TPD Cover, 75 for Death Cover, and 65 for Income Protection Cover
5. for Interim Accident cover for TPD – the death of the applicant
6. the date any existing cover under the Policy ceases
7. 120 days has passed.

Income Protection Cover – permanent full-time, part-time and casual Employees

If you are under age 65 and currently employed as a full time or a part time permanent Employee or a casual Employee, you can apply for Voluntary Income Protection Cover. Premiums for this cover will be deducted from your TelstraSuper Personal Plus account at the end of each quarter in arrears on withdrawal if you leave the Fund or when you transfer your super to a different TelstraSuper membership category.

Income Protection covers you in the event that you are temporarily unable to continue performing the regular duties of your regular occupation due to Sickness or Accident. It provides you with a replacement income benefit of up to 87%[†] of your salary which includes a 12% super payment made to your superannuation account in the Fund. Payments are made Monthly in Arrears for the duration of the applicable benefit period (either two or five years), after your chosen Waiting Period (either 30, 60, 90 or 120 days*), provided you continue to meet the definition of Total Disability or Partial Disability in the Policy.

[†] In the event of an approved IP claim with a Date of Disablement that is prior to 4 April 2024, the super benefit paid to your TelstraSuper account will be 10% and your total monthly benefit will be 85%.

^{*} Members employed in a heavy blue collar occupation are unable to increase their benefit period to five years or reduce their Waiting Period to less than 90 days.

You do not have to be permanently Unable to Work to be eligible for Income Protection payments and you may be eligible for payments while you are waiting for your TPD claim to be assessed.

No Income Protection benefits will be paid to you during the Waiting Period.

Your level of Income Protection Cover is based on your income as notified to us at the time of your most recent application for Income Protection Cover and is calculated as follows:

Income Protection benefit

75%
x Income excluding super
= Annual Income Protection benefit
÷ 12
= Monthly Income Protection benefit

Super contribution

12%[†]
x Income excluding super
= Annual super contribution
÷ 12
= Monthly super contribution

Your annual Income Protection premium is calculated as:

Annual Income Protection benefit
÷ 1,000
x Premium rates per \$1,000 sum insured
= Annual Income Protection premium

Depending on your level of Income Protection Cover requiring assessment, our insurer has different medical requirements. The initial requirements are outlined in Table 5 on page 14.

To tailor your insurance to suit your needs you can apply for either a two or five year benefit period and a Waiting Period of either 30, 60, 90 or 120 days*. Refer to Table 3 on page 9 for premium rates applicable to the various benefit and waiting periods.

If you hold Income Protection Cover with other insurance providers, you should consider whether choosing a longer waiting period is right for you.

You can apply to change your existing Waiting Period and/or benefit period at any time. See page 12 'Changing your insurance cover'.

Applying for Income Protection Cover

When applying for Income Protection Cover members in permanent employment will need to provide evidence of their current salary in the form of pay slips. For members in casual employment, the total salary will generally be averaged over the previous 12 months. You cannot be underwritten for an amount greater than your current salary.

Should you subsequently receive an increase in salary you will need to apply to be underwritten for this increase. To increase your Income Protection Cover see page 12 'Changing your insurance cover'.

If you claim an Income Protection benefit you will also be required to provide evidence of your current salary at the time of claim. For this reason you should review your insurance arrangements on a regular basis to ensure that you have sufficient cover.

You can find out more about the cost of insurance or changing your cover on our website.

Case study

How Income Protection Cover helped Jack get back on his feet

Jack loves the outdoors and regularly goes rock climbing. However, one weekend while climbing, Jack falls and seriously injures his back. After an initial hospital stay of two months, Jack's doctor informs him he will need four months of in-hospital rehabilitation and a further nine months at home recuperating, before he can safely resume work.

Jack immediately submits an Income Protection claim. After the 90 day Waiting Period, Jack is advised of its acceptance and receives \$2,625 per month (before tax) from his Income Protection insurance plus an additional \$420 paid into his super account. This covers Jack's living expenses, allowing him to focus on his recovery.

When Income Protection Cover is not available

Income Protection Cover is not offered as Default Cover and is not available to members who have attained age 65.

[†] In the event of an approved IP claim with a Date of Disablement that is prior to 4 April 2024, the super benefit paid to your TelstraSuper account will be 10% and your total monthly benefit will be 85%.

* Members employed in a heavy blue collar occupation are unable to increase their benefit period to five years or reduce their Waiting Period to less than 90 days.

Life Events cover – keeping pace with life’s significant changes

When a significant event occurs in your life, such as getting married, buying a home, milestone birthdays or welcoming a new child to the family, it’s an opportune time to consider if your insurance cover is still suitable for your financial obligations.

With TelstraSuper’s Life Events cover you can apply to increase your Death Only Cover or Death & TPD Cover upon the occurrence of a specified Life Event, without providing any medical evidence*.

To take advantage of Life Events cover, apply within 90 days* (excluding the day on which the Life Event occurred) of any of the following specified events:

- Birth of a child/children
- Adoption of a child/children
- Marriage
- Commencement of a ‘Recognised Relationship’
- Divorce
- Cessation of a ‘Recognised Relationship’
- Effecting a new mortgage for the purchase or construction of a primary residence or investment property in Australia (either alone or jointly with another person)
- Financing renovation/improvement to a primary residence or investment property in Australia (minimum cost \$30,000)
- Death of a Spouse
- Child starting primary or secondary school
- Buying a business with a business loan greater than \$100,000
- 30th, 35th, 40th and 45th birthdays.

You also have a second opportunity to apply for Life Events cover between 1 July and 30 September for a Life Event that occurred in the previous financial year.

Insurance cover provided through Life Events will be subject to the annual Voluntary premium rates set out in Table 2 on page 7. The following table shows the amount by which you can apply to increase your existing Death Only Cover or Death & TPD Cover. The total amount of cover you have after you have been granted Life Events cover must be within the maximum cover limits (unlimited for Death Cover and \$5 million for TPD Cover, subject to insurance underwriting requirements).

Existing sum insured (including Default and Voluntary)	Maximum additional insurance (Voluntary)
Up to \$100,000	\$25,000
\$100,001 up to \$200,000	\$75,000
\$200,001 up to \$300,000	\$100,000
\$300,001 up to \$400,000	\$125,000
\$400,001 up to \$500,000	\$150,000
Over \$500,000	\$250,000

Applying for Life Events cover

For additional Death Only Cover or Death & TPD Cover eligible members† can apply online via our insurance portal in SuperOnline or complete and submit a **Life Event Insurance Application** form available at telstrasuper.com.au/forms along with the required certified supporting documentation. You must be under the age of 65 to apply and be in Active Employment.

Upon completion of assessment you will be advised in writing of the acceptance or decline of the application. A Life Event application will generally be accepted where the member satisfies the eligibility criteria and the member is able to provide satisfactory documentation supporting the occurrence of the Life Event.

The Life Events cover will commence on the date the cover is accepted in writing. It may be subject to the same Exclusions and other special conditions which apply to your existing cover. The increased portion of cover will be Limited Cover until you have been in Active Employment for 30 consecutive days following the date cover commences.

After the acceptance of a Life Event application, you cannot submit another application (whether for the same type of Life Event or not) until 12 months have elapsed from the date of commencement of the additional cover.

No claim will be payable on the additional cover if the death or disability is due to intentional self-inflicted injury in the first 13 months.

* You cannot apply to vary your Income Protection Cover through Life Events.

† Eligible members are members with an account that allows insurance cover to be applied under a Policy and who are registered users of SuperOnline. Eligible members must also have a valid email address and must reside in Australia.

Extra security for an expanding family

David is a TelstraSuper Personal Plus member. He is turning 30 years old on his next birthday. As part of his TelstraSuper membership he currently has \$134,681 of Default Death & TPD Cover and \$250,000 of Voluntary Cover. David and his partner Julia have two young children and are delighted to find out they are expecting a third child.

David and Julia review their insurance cover and decide that, in light of their expanding family, they would like to increase David's insurance cover. Within 90 days of new baby, Chloe, being born, David submits a Life Events application for \$125,000. No medical reports are required enabling the busy new father to submit the application quickly and easily. David's application is successful, giving the family total cover of \$509,681.

Transfer your Death, TPD and Income Protection insurance to TelstraSuper

If you currently have Death Only Cover, Death & TPD Cover or Income Protection Cover with another super fund or life insurance company, you can apply to transfer that cover to TelstraSuper*. By consolidating your insurance with TelstraSuper you can take advantage of our competitive bulk insurance rates, potentially saving on premiums, while simplifying your insurance arrangements. To take advantage of this feature*, eligible members[^] can apply online via our insurance portal through your SuperOnline account or complete the **Transfer External Insurance Application form** available at telstrasuper.com.au/forms

For Death Only Cover or Death & TPD Cover transfers, if your application is successful, you'll be provided with the equivalent amount of Voluntary Cover (in addition to any Voluntary Cover already held in TelstraSuper), as provided by your previous super fund or insurer. A cap of \$2,000,000[‡] applies on all transfers. The annual Voluntary premium rates in Table 1 on page 6 apply.

For Income Protection Cover transfers, if your application is successful, you'll be provided with the equivalent amount of Voluntary Cover and the same Waiting Period and Benefit Period[†] in TelstraSuper as provided by your previous super fund or insurer (subject to the maximum amounts and periods permitted in the Policy).

This cover will replace any existing Income Protection Cover you have in TelstraSuper and will be a fixed amount of cover[†]. A cap of \$15,000[‡] applies per month. The annual Income Protection premium rates in Table 3 on page 9 apply.

It's important that you don't cancel your existing cover with your current super fund or insurer until you have received written confirmation from us that your insurance application has been accepted.

Case Study

Simplified super and insurance

Mark joined TelstraSuper Personal Plus but didn't apply for any insurance cover because he had an account with another super fund with \$1m of Death & TPD insurance cover, and \$11,000 per month of Income Protection insurance cover with a 14 day waiting period and a 5 year benefit period. On reviewing his super balances and insurance cover, Mark decided to consolidate his account into TelstraSuper Personal Plus. Before he did so, he successfully transferred his insurance cover by completing our online Transfer External Insurance application.

Because the insurance cover he wanted to transfer was under the maximum caps, Mark was able to bring across the same value of Death, TPD and Income Protection Cover as Voluntary Cover in TelstraSuper Personal Plus and keep his 5 year benefit period, and get the closest available waiting period of 30 days without providing detailed health or other evidence. Mark can now enjoy a simplified super and insurance arrangement having consolidated his account balance and insurance into one super fund, TelstraSuper Personal Plus.

* Certain occupations as determined by the Insurer are not eligible for insurance transfers, and other conditions as set out in the Policy apply.

[^] Eligible members are members with an account that allows insurance cover to be applied under a Policy and who are registered users of SuperOnline. Eligible members must also have a valid email address and must reside in Australia.

[†] Income Protection Cover transfers are a fixed amount of Voluntary Cover and are not based on any Salary for Insurance Purposes reported to TelstraSuper by your Employer. The maximum amount of IP Cover you can transfer is 87% of your current salary or \$15,000 per month, whichever is lower (In the event of an approved IP claim with a Date of Disablement that is prior to 4 April 2024, the super benefit paid to your TelstraSuper account will be 10% and your total monthly benefit will be 85%). The Waiting Period from the cover you wish to transfer will be matched to the same Waiting Period in TelstraSuper. If the transferred Waiting Period is not available with TelstraSuper, the Waiting Period that will apply will be the next longest Waiting Period. If the Benefit Period you wish to transfer is not available with TelstraSuper, the Benefit Period that will apply will be the next shortest Benefit Period. Self-employed members (unless you are both a director and employee of a private company) are not eligible to transfer IP cover.

[‡] Your cap might be lower in certain circumstances as set out in the Policy.

Saving on insurance with TelstraSuper

Sarah is a current TelstraSuper Personal Plus member. She is turning 40 years old on her next birthday, a white collar worker and has \$96,415 of Default Death & TPD Cover as part of her membership.

Sarah also has \$250,000 Death only insurance with another insurer which costs her \$20 per month. Sarah decides to see how much her additional Death only insurance would cost if she transferred it to TelstraSuper. She refers to Table 2 on page 7 and uses the following calculation to determine her premiums:

Sarah's age next birthday = 40

Death only insurance amount to be transferred
= \$250,000

Annual Voluntary Death premium per
\$1,000 insured = \$0.48

Voluntary Death premium payable
= \$250,000/1000 x \$0.48

= \$120 per year or \$10 per month.

Sarah applies to transfer her Death only insurance to TelstraSuper and her application is accepted. By transferring her insurance to TelstraSuper, Sarah has simplified her arrangements and saves \$10 per month or \$120 per year.

Step 2

Refer to our **Needs calculator** via your SuperOnline account or at telstrasuper.com.au/calculators for an estimate on the level of insurance cover you may need based on the information you enter about your personal circumstances

In determining your appropriate level of cover, you should also factor in your relevant costs which could include:

- ongoing costs to maintain your family's lifestyle and home
- children's education (primary, secondary and tertiary)
- existing debts (mortgage, credit cards, personal loans or car loan)
- other expenses such as hospital/medical costs, rehabilitation, home repairs or upgrades as a result of permanent disability
- funeral expenses.

The above costs can be offset by your existing assets (including your super balance, savings and any investments) to determine the insurance cover you may require.

If you already have insurance cover and there is a difference between your current level of cover and your required level of cover, consider varying your insurance cover.

03

Determining how much insurance you may need

Determining how much cover you may need is as important as having the insurance cover itself. So, how do you determine an adequate level of insurance for your needs?

Generally, your level of insurance cover should be able to replace your projected income over your working life.

This lump sum amount would then need to be invested to provide the required cashflow to maintain you and/or your family's standard of living or to ensure your estate is not left in debt.

Calculate the level of cover you require

Step 1

Check your current level of cover by visiting your SuperOnline account or by calling us.

04

Changing your insurance cover

Apply for or increase cover

Eligible members[‡] can log in to their SuperOnline account to access our dedicated member insurance portal which provides members with the option to conveniently manage their cover online. Alternately, complete the **Insurance Telephone Application Request** form available at telstrasuper.com.au/forms to apply for or increase your cover over the phone with our insurer.

You can choose to:

- apply for Default Death Only Cover or Default Death & TPD Cover (if you have previously cancelled this cover in TelstraSuper Personal Plus)
- apply for or increase Voluntary Death Only Cover or Voluntary Death & TPD Cover

[‡] Eligible members are members with an account that allows insurance cover to be applied under a Policy and who are registered users of SuperOnline. Eligible members must also have a valid email address and must reside in Australia.

- apply for Voluntary Income Protection Cover
- increase Voluntary Income Protection Cover
- change your existing Income Protection Waiting Period and/or benefit period.

Depending on the level of cover you apply for, our insurer may have different medical requirements to assess your application. Tables 4 and 5 outline the initial requirements.

You'll be advised when any medical tests or examinations or other information are required. Once all the information is supplied to our insurer and they've assessed your application, we'll advise you of the outcome.

Our insurer may accept cover, place medical Exclusions on cover, charge higher premiums due to factors such as Occupation Categories, health or lifestyle or decline your application. If within 60 days of the commencement of cover you advise in writing that you wish to cancel the cover, you can request a refund of any premium you may have paid.

New Employees who join TelstraSuper Personal Plus via a Personal Plus Default Fund Employer outside of 120 days of commencing their employment can apply for Default Cover without providing detailed health or other information. To do so, eligible members[‡] can complete **Application Default insurance cover** form available at telstrasuper.com.au/forms

Cancel or reduce cover

To cancel or reduce your insurance cover you can email underwriting@telstrasuper.com.au or complete a **Cancel or Reduce Insurance** form available at telstrasuper.com.au/forms You can also cancel your insurance at any time via your SuperOnline account.

If you cancel your cover:

- you will not be able to make a claim for insurance benefits for events or conditions that arise after your cover has cancelled
- we will no longer deduct insurance premiums for the cover you have cancelled
- your ability to restart your cover may be subject to health and other assessment and acceptance by our insurer who may place an Exclusion or Premium Loading on cover or you may not be able to get cover.

If you are replacing your cover with alternative cover, you should not cancel until the replacement cover is in place.

Before you cancel your insurance you may wish to discuss your decision with an adviser from TelstraSuper Financial Planning on **1300 033 166**.

Any cancellations of cover received within 60 days of you joining TelstraSuper Personal Plus will not incur premiums.

Occupational Category loadings

An Occupational Category is determined by the duties performed in the occupation, not by the job title. If your occupation is currently categorised as heavy blue collar, medium blue collar or light blue collar and the tasks you perform have changed, you may be eligible to change your Occupation Category. For members with more than one occupation, such as members in casual employment, generally the higher occupation rating would apply in most circumstances. We recommend that you review your Occupation Category to ensure it is current as your categorisation can affect the cost of your insurance cover. If you would like to change your Occupation Category, email underwriting@telstrasuper.com.au to request a review. For more information about occupational categories see page 25.

Table 6: Occupational Category loadings[†]

Occupation	Death Only Cover	Death & TPD Cover	Income Protection Cover

Light blue collar	1.25	1.40	1.40

Insurance premiums

As outlined in the **TelstraSuper Personal Plus PDS**, insurance premiums will be deducted from your TelstraSuper Personal Plus super account at the end of each quarter in arrears and on withdrawal if you leave the Fund or transfer your super to another TelstraSuper account. Premiums for Income Protection Cover obtained through a super arrangement are not tax deductible and are paid directly out of your super account.

Your premiums will vary annually with changes to your age and income. See Table 1 on page 6 for the applicable Default Death & TPD premium rates. See Table 2 on page 7 for the applicable annual Voluntary[^] premium rates for Death Only Cover and Voluntary Death & TPD Cover, based on every \$1,000 sum insured. See Table 3 on page 9 for the applicable annual premium rates for Income Protection Cover, based on every \$1,000 sum insured.

Voluntary Death & TPD Cover and Income Protection premium rates are applicable to Employees in the white collar Occupational Category and additional occupational and health loadings may apply depending on your occupation and health status. See Table 6 below.

Members given an Exclusion or Premium Loading, which can include an Occupational Loading, at the conclusion of the assessment process will be given an opportunity to cancel their application if they don't wish to proceed.

TelstraSuper does not receive money or other material benefits (other than claims payments for our members and related costs) from our insurer or reinsurer. The premium paid is directly for the cost of insurance, and avoids any conflict of interest between our members and our insurer.

If this arrangement ever changes, we will make you aware of this as required.

Insurance Premium Rebate

You are eligible for a 15% rebate on the insurance premiums you pay for from your account. The 15% rebate will be credited to your account at the end of each quarter in arrears and on withdrawal when you leave the Fund or transfer your super to another TelstraSuper account.

* Any member aged 55 and over will need to complete a full personal statement.

[^] Urine test means a microureanalysis.

[^] For members with Top Up Cover, Voluntary Cover rates apply.

[#] Refer to telstrasuper.com.au/underwriting-requirements for a detailed explanation of these requirements.

06

When are insurance benefits paid?

Death benefit

Your Default Death Cover, Top Up Death Cover and Voluntary Death Cover means your Dependants or Legal Personal Representative (as applicable[†]) could receive a lump sum insurance benefit in addition to the balance of your super account, in the event of your death.

Terminal Illness Insurance benefit

You will qualify for a Terminal Illness benefit if you suffer from a Sickness or an Accident, which:

- two Medical Practitioners (one of whom specialises in an area related to your illness or injury) believe will lead to your death within 24 months of the date of written certification, despite reasonable medical treatment, and
- the insurer is satisfied, on medical or other evidence, will lead to your death within 24 months of the date of the certifications, despite reasonable medical treatment.

If you have insurance cover, the maximum terminal illness insurance benefit paid by the insurer will be \$5 million plus your super account balance. Any insurance cover above \$5 million will be payable when you pass away.

Access to super account balance for members with a terminal medical condition

You can apply to TelstraSuper for the release of your account balance if you have a terminal medical condition.

A terminal medical condition exists if:

- two registered Medical Practitioners have certified, jointly or separately, that you are suffering from an illness, or have incurred an injury, that is likely to result in your death within 24 months of the date of certification
- at least one of the registered Medical Practitioners is a specialist practicing in an area related to your illness or injury
- the certification period has not ended for each of the certificates.

The certification period is 24 months from the date of certification. You should consider leaving enough funds in your super account to cover your insurance premiums otherwise your insurance cover may cease.

TPD[^] benefit

To obtain a benefit for TPD you must have TPD Cover and satisfy the requirements of the TelstraSuper Trust Deed and MLC Life Insurance Policy, including meeting the requirements of:

- the Unable to Work TPD Definition, or
- the Day 1 TPD Definition, or
- the Activities of Daily Working TPD Definition, or
- the Domestic Duties TPD Definition, or
- the Severe Mental Disorder TPD Definition.

Please refer to the Glossary in Section 12 for the full meanings of the above TPD definitions.

The applicable TPD definition you must satisfy will depend on whether you were employed at any time in the 16 months prior to your Date of Disablement, are performing a Domestic Duties Occupation at the Date of Disablement or were unemployed and/or in a Domestic Duties Occupation for more than 16 consecutive months at the Date of Disablement and continue to be unemployed or in a Domestic Duties Occupation at the Date of Disablement.

Generally, the Unable to Work TPD Definition or the Day 1 TPD Definition applies if you were employed at any time in the 16 months prior to the Date of Disablement.

Where you were unemployed for more than 16 consecutive months before your Date of Disablement and continue to be unemployed at the Date of Disablement, the Activities of Daily Working Definition of TPD or Severe Mental Disorder TPD Definition applies.

Where you were unemployed and/or in a Domestic Duties Occupation for more than 16 consecutive months before your Date of Disablement and continue to be unemployed at the Date of Disablement, the Activities of Daily Working Definition of TPD or Severe Mental Disorder TPD Definition applies.

You should consider whether your employment status impacts your eligibility to receive an insured TPD benefit, based on the definitions outlined above. You can elect to maintain any insurance cover even if your account is not receiving any contributions or payments.

[†] For more information about payment of Death benefits, refer to the Additional Information About Your Super guide.

[^] If you ceased work due to sickness or injury on or before 1 July 2020, a different TPD definition applies to you. See Making a Total and Permanent Disablement (TPD) claim (TAL) Fact sheet available at telstrasuper.com.au/insurancefaqs

Income Protection

When are payments made?

To obtain monthly payments for Income Protection, you must have Income Protection Cover and:

- have been Working, and
- have been unable to Work for your Employer (and off work) from your Date of Disablement for the applicable Waiting Period, and
- satisfy the Policy definition of Total Disability for that month.

You may be eligible to receive Partial Disability payments if:

- you are Totally Disabled for no less than seven of the first 12 consecutive days of the applicable Waiting Period, and
- you are either Partially Disabled or Totally Disabled for the rest of the applicable Waiting Period, and
- you are earning less than 80% of the income you earned prior to becoming disabled, and
- you return to Work or are capable of returning to Work on a reduced capacity resulting in a reduction in your income, and
- you are under the ongoing care of a registered Medical Practitioner.

If eligible, Income Protection payments are paid:

- from the end of the applicable Waiting Period after the day you last Worked for your Employer
- Monthly in Arrears
- for a period up to two or five years (as applicable) providing you continue to meet the definition of Total Disability or Partial Disability.

Up to 87%[†] of your salary which includes a 12% super payment made to your superannuation account in the Fund.

Income Protection payments will be reduced by the amount of certain other payments (Other Disability Income) you receive during a payment period (such as sick leave payments, workers' compensation payments or benefits payable under other Income Protection policies). However, social security benefits, Veterans Affairs disability pension payments, annual leave accrued before the end of the applicable Waiting Period, long service leave, redundancy entitlements and motor accident compensation will not reduce Income Protection insurance benefits.

If your Income Protection benefit is fully offset by Other Disability Income, you may still be entitled to be paid the 12%[†] super payment to your superannuation account in the Fund.

Where a member is receiving Income Protection payments over a five year benefit period without a break*, payments are indexed annually by the lesser of 5% or the CPI increase (for the 12 months ending 30 September in each year).

Under current legislation your Income Protection payments are treated as income and will be taxable. Premiums are waived by our insurer while you are receiving Income Protection payments.

When do benefits stop?

Your Income Protection benefits cease upon occurrence of one of the following conditions (whichever occurs first):

- you return to Work[‡]
- you have received payments for the total benefit period
- you cease to satisfy the definition of Total Disability or Partial Disability
- you reach age 65, or
- you die.

Income Protection payments are subject to the continued approval of your eligibility by our insurer and the Trustee. This process will be explained to you in more detail once your Income Protection benefit is approved.

Claiming an insurance benefit

Refer to our website for the relevant fact sheet for how to make a claim or email tsclaims@telstrasuper.com.au

If you make a claim, we will contact you to request the information and documentation we need. So that the Insurer can commence assessment of your claim, you must submit the requested information and documentation as soon as reasonably possible.

In relation to TPD claims, if your claim is approved but you do not provide payment instructions within 3 months of our request, your benefit may be retained in a TelstraSuper account.

In relation to death benefit claims, where reasonable attempts to contact potential beneficiaries are unsuccessful, we may transfer the benefit to the Australian Taxation Office (ATO) as unclaimed money.

[†] In the event of an approved IP claim with a Date of Disablement that is prior to 4 April 2024, the super benefit paid to your TelstraSuper account will be 10% and your total monthly benefit will be 85%.

* Any period in which a benefit was payable but is calculated to be zero does not amount to an interruption to an entitlement to a disability benefit.

[‡] Subject to the At Work Requirements and other eligibility criteria and Exclusions contained in the Policy.

07

On leave, overseas or inactive?

On leave

Subject to satisfying the relevant Policy conditions, cover is provided 24 hours a day, seven days a week for eligible insured members while on paid or unpaid leave. Income Protection Cover (if applicable) is provided for insured members for a period of up to two years while on unpaid leave.

If overseas

Subject to satisfying the relevant Policy conditions, Death & TPD Cover and Income Protection Cover are provided 24 hours a day, seven days a week for eligible insured members who are Australian residents while overseas. If you make an insurance claim while overseas, the Insurer may require you to return to Australia at your own expense in order for the claim to be assessed.

'Australian resident' means an Australian or New Zealand citizen or person with the unrestricted right to permanently reside in Australia. This includes persons with the right to reside in Australia on a de facto or work type visa, but only during the period they reside in Australia.

If inactive

If a contribution or transfer has not been made to your account in the previous 16 months, government regulations require us to cancel your insurance cover unless you elect for your cover to be maintained.

We will write to you when your account has been inactive for 9, 12 and 15 months when you'll be reminded about the option to elect for your cover to be maintained, or to make a contribution to your account.

If your cover is cancelled due to inactivity, you will have the opportunity to recommence your cover, by requesting this in writing within 60 days of the date the cover was cancelled and making a payment into your account, if applicable.

If you make or have made an election to maintain your insurance cover across all of your superannuation accounts, that election will permanently apply subject to eligibility conditions (regardless of whether you move from one division of the Fund to another), unless you tell us that you no longer wish to be covered.

If a superannuation guarantee contribution is received into your TelstraSuper Personal Plus account after your cover is cancelled due to inactivity, the cover will recommence from the date the contribution is received[#]. You will have the opportunity to opt-out of this cover within 60 days of the cover recommencing and any premiums that may have been deducted will be refunded to your TelstraSuper Personal Plus account
